

KIDDOS THERAPY & TUTORIAL CENTER

WE OFFER:

Occupational Therapy treatment focuses on helping people achieve independence in all areas of their lives. OT can help kids with various needs improve cognitive, physical and motor skills and enhance their self-esteem and sense of accomplishment.

Kids with these medical problems might benefit from OT.

-Sensory processing disorder

-Learning Disability

-Pervasive Developmental Disorder

-Attention Deficit Hyperactivity Disorder

-Mental Retardation

-Cerebral Palsy

Speech and Language Therapy (SLT) focuses on improving a child's ability to communicate his/her needs and/or wants through verbal utterances and actions. SLT's target different areas depending on the needs of an individual. Through areas include:

1. Language (receptive and expressive).
Receptive language for comprehension following commands, answering questions and expressive language for his way of communication such as through words, action gestures.

2. Speech which includes articulation (an individual's production of sounds, syllables and words). Oral Peripheral Mechanism (oral and facial structures), and Voice which includes fluency, loudness and vocal quality. Individual diagnosed with the following can benefit a Speech Therapy:

Autism Spectrum Disorder

Speech Delay

Intellectual Disability

Communication Disorder

Down syndrome

Articulation Disorder

Stuttering/Cluttering

One-on-one Tutorial Program ensures that your child receives undivided attention and care; we place importance on building skills trust and confidence through viable learning skills.

We provide one-on-one tutorial for **SPED**:

Pre- school

Primary

Specifically with problems in:

Reading

Writing

Math

As we take a step into new normal, **KIDDOS THERAPY and TUTORIAL CENTER** recognizes the significance of face to face sessions for your child's development.

We ensure the safety of our students together with our therapist by following the protocols set by **Department of Health** that of as follows:

1. Therapists are **fully vaccinated with booster shots.**
2. Therapist and administrative staff are in **full PPE** at all times including wearing **face mask.**
3. Guardians are advised ahead that **NO THERAPY SESSION will take place** if the student or guardian experiences even common colds.
